

Tuolumne County Historical Society
Commemorative Brick Information Sheet
www.TCHistory.org

The Tuolumne County Historical Society (TCHS - founded in 1956) and the Tuolumne County Museum are offering an opportunity for the community to contribute and place a personalized laser-engraved commemorative memorial brick-paver in the newly remodeled Tuolumne County Museum Courtyard and Garden located at 158 Bradford Street in Sonora, CA.

This is a chance for you to become a permanent part of Tuolumne County History by ordering commemorative bricks for yourself, your family, your special friends, or to acknowledge a special occasion or to honor prior family generations. Your contribution not only provides needed financial support for the Tuolumne County Museum, it also allows you or someone in your family to become a part of history at the Tuolumne County Museum.

The commemorative brick-pavers are made of quality material and are known for their beauty and laser-engraved permanence. They do not fade or wear out and are a natural and permanent process. Sample commemorative bricks are available for touch-and-feel viewing at the Tuolumne County Museum desk during visiting hours or may be viewed on the TCHS website at www.TCHistory.org.

The Tuolumne County Museum Courtyard and Garden commemorative brick area is limited, so be sure to order your bricks as soon as possible. We also offer gift certificates to give to friends and relatives as a birthday or holiday gift.

Commemorative bricks come in only two sizes: a 4-inch by 8-inch brick with up to three (3) lines of centered text, or an 8-inch by 8-inch brick with up to six (6) lines of centered text.

To order your brick, use our special order form following in this document. (02-23A)
