Notice: Warning Concerning Copyright Restrictions

The copyright law of the U. S. (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any other purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement. This institution reserves the right to refuse to accept a copyright order, if, in its judgment, fulfillment of the order would involve violation of copyright law.

In accordance with the conditions of reproduction and duplication set forth herewith, I hereby apply for permission to reproduce the following described materials (one time publication for commercial use).
